Education & Training

•Lovely Professional University *2023 – 2027*
B.Tech in Computer Science and Engineering (CGPA: 8.88 / Till 6th Sem) Jalandhar, India

•AlgoTutor University (Technical Training) *Jan 2026 – Jun 2026*
Specializations: DevOps Engineering, Advanced System Design (HLD/LLD), Competitive Programming Jalandhar, India

Coding Profiles & Achievements

- Solved **1000+ LeetCode problems**, reaching a **1962 peak rating and Knight Badge** across data structures, algorithms, dynamic programming, and graph problems
- **LeetCode Competitive Programming:** Achieved peak global ranks of **265** (Weekly 502), **279** (Weekly 504), and **389** (Weekly 503), consistently placing in the **top 1%** of 30,000+ global participants
- **Winter PEP Track Selection:** Selected into an elite global track as one of the **top 20 out of 10,000+ students at LPU** (**Top 0.2%**), passing rigorous rounds of live algorithmic coding, system architecture defense, and enterprise DevOps testing
- **HackerRank Excellence:** Earned a **5-Star Gold Badge** in Problem Solving, Java, and SQL, reflecting strong foundational coding and database skills

Technical Skills

- **Programming & Query Languages**: Python, SQL, Java
- **Machine Learning**: Regression, Classification, KNN, SVM, Ensemble, Feature Engineering, Model Evaluation
- **Data Processing & Analytics**: Pandas, NumPy, Data Cleaning, Data Preprocessing, EDA, ETL Pipelines
- **Visualization & BI Tools**: Power BI, DAX, Power Query, Excel, Matplotlib, Seaborn
- **Development Tools**: Git, Docker, FastAPI, Jupyter Notebook, Scikit-Learn

Projects

•Candidate Intelligence Engine: AI-Assisted Data Transformation Pipeline *May 2026*
AI-Assisted Development | Python | FastAPI | Data Extraction | JSON Schema **GitHub Repository**

- **Automated multi-source candidate data extraction across PDF, CSV, and JSON formats** by developing intelligent parsing workflows to convert unstructured information into standardized analytical datasets
- **Improved data reliability and consistency through automated transformation pipelines** by implementing data cleaning, deduplication, validation, and canonical JSON schema generation workflows
- **Accelerated end-to-end AI-powered data solution development during a company hackathon** by leveraging AI engineering tools to design, test, and optimize production-style data modules

•House Price Prediction and Classification System *Dec 2025*
Python | Scikit-Learn | Pandas | NumPy | Machine Learning **GitHub Repository**

- **Achieved 0.87 R^2 prediction accuracy and reduced model error by 18%** by developing machine learning models using **Regression, KNN, and SVM** with optimized feature selection techniques
- **Improved dataset quality and model reliability through advanced preprocessing workflows** by handling missing values, outliers, categorical encoding, and feature transformation pipelines
- **Enhanced model performance evaluation and selection efficiency** by performing exploratory data analysis (EDA), algorithm comparison, and validation using Scikit-Learn workflows

•Credit Card Ecosystem Analysis: Financial Intelligence Dashboard *Dec 2025*
Power BI | Power Query | DAX | ETL Pipelines | Data Modeling **GitHub Repository**

- **Improved fraud pattern identification efficiency by 20%** by developing interactive Power BI dashboards analyzing customer behavior, transaction trends, and financial risk indicators
- **Accelerated business decision-making speed by 30%** by designing advanced DAX-based analytical reports with dynamic KPIs, custom filters, and revenue performance metrics
- **Optimized dashboard query performance by 25%** by implementing ETL workflows, relational data modeling, and data normalization using Power Query

Certifications

- **AI Agent Studio** ORACLE UNIVERSITY
- **AI Foundation Associate** ORACLE UNIVERSITY
- **Data Platform Foundation Associate** ORACLE UNIVERSITY

Positions of Responsibility

- **Class Representative** | Section: 423YH Jan 2026 – Jun 2026
- **Teaching Assistant** | CSE357 (Combinatorial Studies) Jan 2026 – Jun 2026
- **Teaching Assistant** | PEA305 (Analytical Skills) Jan 2025 – Jun 2025
